Python
Balkan

Community communication protocol
draft-blkn-protocol-00

whoami

- Bojan Jovanovic
- Python Programmer
- Founder of Kortechs.me
- Partners with kiwi.com
- Founder of Python Belgrade

Python Belgrade

- Active for 2 years
- 14 events
- 100-150 monthly participants
- Last Friday of month
- 20-10min length + 10m q/a (30 * 3 = 1.5h + break = 2h)
- Keep it in english
- At least 1 foreign speaker
- Hands on if possible
- Use always sli.do programmers are shy
- Followup networking event (Silicon Drinkabout)

meetup.com/PythonBelgrade
facebook.com/python.belgrade

pythonbalkan.com

- Website is built in jekyll and hosted on github static pages; website should be edited and administered by the heads of the community
- Communication- invitation to Discord
- blog/publications blog.pythonbalkan.com
- Main entry point for call for papers - smart routing via kiwi.com
- Balkan community map with relevant information for every community - meetup.com / facebook group / email group main people etc...
- Google groups for each community
- Bojan's Tour de Balkan

Github

Sharing is caring

- Repository of visual content (Github.com/pythonbalkan)
- Pythonbalkan.com website root
- Community ideas and best practices
- Event content

Support

- Helping the new emerging communities
- Go-to place for community support

What are you trying to do ?

PYCon

Lack of existence of a PYCon event in the Balkan Peninsula

Joint effort of neighbouring countries to create a quality python conference.

When ?

- November 15/16/17 or 22/23/24
- Belgrade, Hilton Hotel (maybe :D)
- 3 day conference

Common community problems

- Quality content for the event
- Supporters
- Fundraising and finding partners
- Sharing the news
- Creating buzz
- Inviting speakers and attendees

Thanks for listening

Bojan Jovanovic
